

www.AEON-WINDOWS.CO.UK

WHAT IS AEON?

A brand conceived from the belief in ourself.

AEON is the suite of flush casement products we manufacture from Residence and Rehau profile; R9, R², R7, and Rio.

It's the same profile we have used for years, and the same system you are already installing.

Why the name?

AEON is the new high-standard brand all others will aspire to.

Superior manufacturing elevates our product above all other flush casement products.

When you need the best, AEON will be your premier choice.

The same products, transcending others by simply making them better.

WHY AEON

THE REASONS

AEON IS PERFECT FOR YOUR PROJECT

If your project requires a contemporary look or if you need to recreate period character the solution is AEON

- 70mm, 75mm or 100mm
- A++ energy ratings
- Double or triple glazed
- up to 23 colours*

A RATING FOR ENERGY EFFICIENCY

Choosing Aeon helps your home to become more efficient and save money on your heating bills.

ENHANCED SECURITY

AEON windows are PAS24* security accredited which gives you an added level of security to your home and family.

WEATHER PERFORMANCE

Independently tested AEON RIO windows and doors achieve the highest ratings (PAS 24) for wind, water and air; protecting your home from the elements.

VIRTUALLY MAINTENANCE FREE

Timber windows require annual maintenance to ensure they are kept looking good – AEON flush windows need only a simple wipe so you can spend more time doing what you love.

ACOUSTIC PERFORMANCE

Double glazing is well known for its ability to reduce outdoor noise levels and new windows manufactured from RAYA profile can help bring down the noise levels in your home by as much as half.

*PAS 24 rated products are available upon specification.

THE DESIRE FOR CHOICE.

AEON flush products will meet – and exceed – demands of multiple applications.

Confidence in our manufactured products for their performance and quality comes as standard.

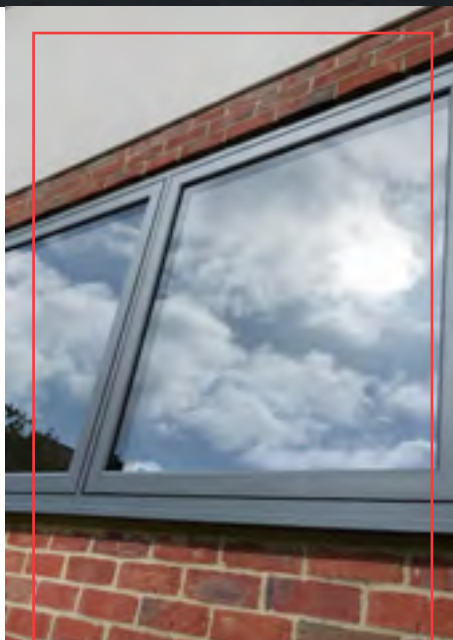

THE SOLUTION IS AEON

ICENI
AEON
FLUSH WINDOWS

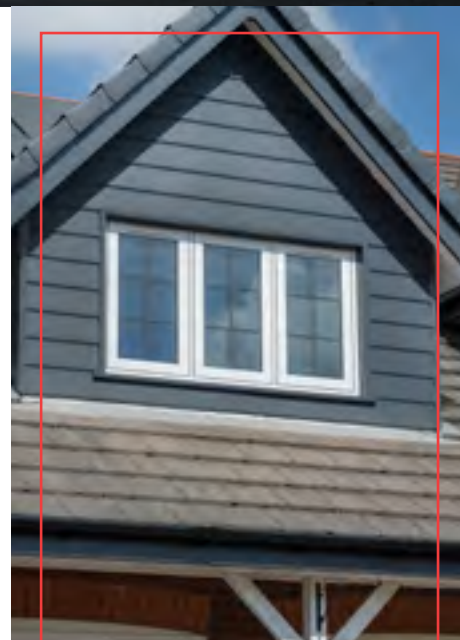

REAL TIMBER LOOK

Traditional timber aesthetics in a modern uPVC window

CONTEMPORARY STYLE

Styling and features that are usually only found on aluminium products

EQUAL SIGHTLINES

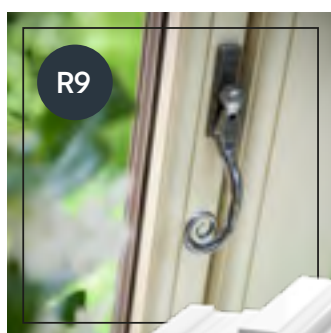

A flush sash exterior enables all glass sight-lines to be perfectly equal

FEATURES & OPTIONS

Finish a flush project perfectly with a flourish

WHAT IS THE DIFFERENCE BETWEEN THE AEON PRODUCTS?

We all know what a flush window looks like on the outside, but the difference resides on the interior. Typically, it is the frame which dictates each products' unique internal characteristics. Here's a short overview of each one:

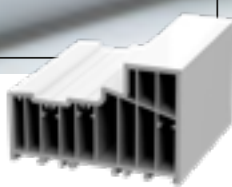

AEON R9

Style: Heritage

Frame: R9 Decorative

Size: 100mm

Bead: Decorative or square

AEON R2

Style: Contemporary

Frame: R2 Square/stepped

Size: 100mm

Bead: Square

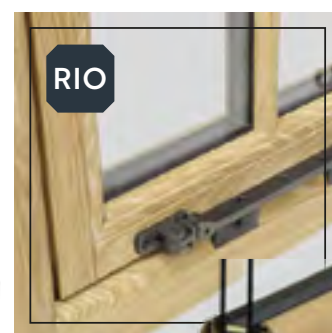

AEON R7

Style: Modern or heritage

Frame: R7 Square

Size: 75mm

Bead: Decorative or square

AEON RIO

Style: Modern or heritage

Frame: Rehau Total70 sculptured or chamfered

Size: 70mm

Bead: Rehau sculptured or chamfered

CHOICES, CHOICES...

AVAILABILITY KEY

PREMIUM HARDWARE R9 R2 R7 RIO

Premium hardware to finish the project perfectly comes in 9 colours

COLOUR CHOICE R9 R2 R7 RIO

Up to 13 colours available all with a close RAL code to match other features

DEEP BOTTOM RAIL RIO

For traditional looks, this flush sash has a deeper bottom part of the sash.

THERMAL EFFICIENCY

6, 7, or 9 chambered profiles keeps thermal transference to an absolute minimum.

WEATHER BAR R9 R2 R7

Replicate a feature of older windows. A raised horizontal moulding to shed dripping water and to increase the strength of the mullion.

BUTT HINGES R9 R2 R7 RIO

Butt Hinges can assist in retaining the original timber window aesthetic or be used to create a brand new look. Choose from working butt hinges or dummy butt hinges.

HANDLES & STAYS R9 R2 R7 RIO

Monkey tail or peardrop handles, available in nine colours, for period replacement

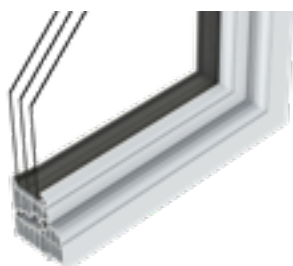

DECORATIVE INSIDE R9 R2 R7

Externally flush with a decoratively styled internal sash and frame

FLUSH BOTH SIDES R7

For an authentic flush look externally & internally

TRIPLE-GLAZING R9 R2 R7 RIO

Specifically designed to accommodate the additional weight of triple glazed units.

MULTIPLE JOINTING CHOICE R9 R2 R7 RIO

For the complete look; butt-welded, mitred or mechanical joint fabrication:

LOCK & HINGE RETENTION

Superior screw retention reinforcements mean locks and hinges are secured firmly.

Please note: Options, colours and hardware are dependent on the chosen system. Not all options can be chosen for the same window order.

R9 HERITAGE FLUSH

100mm period uPVC flush casement

Designed to authentically replicate 19th Century timber designs, featuring an elegant flush exterior and decorative interior.

Ideally suited to replacement of windows and doors in period properties, including those in many conservation areas.

FEATURES

- 100mm frame depth
- 9 thermally-efficient chambers
- Always internally decorative
- 28mm double-glazed and 44mm triple glazing options
- WER A++
- U-Values as low as 0.8W/m²K
- Ultra-thick CEN A wall thickness provides additional screw retention
- PAS24 and Part Q building regulations approved
- Choice of 11 colours
- BS EN 6375 – 1 weather tested: Exposure Category of 1600; Class 3 Air Permeability Rating (600pa); a Class 9A (600pa) Water Tightness Rating; Class C4 (1600pa), wind resistance

COTSWOLD
BISCUIT

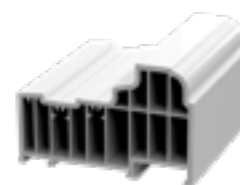

THE R9 PROFILE

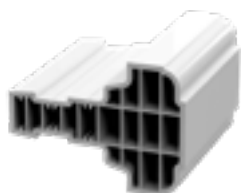

leading-edge technologies and weather sealing

The profile uses a honeycomb of nine energy-efficient chambers within a 100mm deep profile. When installed with energy efficient double- or triple-glazing units, it delivers an industry-leading U-value of 0.8W/m²K.

Typical options to achieve authentic period aesthetic.

R9 COLOURS

Find detailed colour options for R9 on page 18-21.

R² SQUARED FLUSH

100mm contemporary uPVC flush casement

Achieve the look of aluminium with contemporary flush uPVC windows and modern hardware.

Equal sight-lines:

R² is built to market leading design standards. Clean lines and advanced functionality.

A unique stepped-square interior gives R² its bold and modern appearance. All glass sight-lines are perfectly equal, complementing the internal stylish square detail.

Lock & hinge retention:

R² has superior screw retention reinforcements, so locks and hinges are secured firmly into position.

Designed to accommodate the additional weight of triple glazed units, allowing heavy duty hinges to fit and operate perfectly.

FEATURES

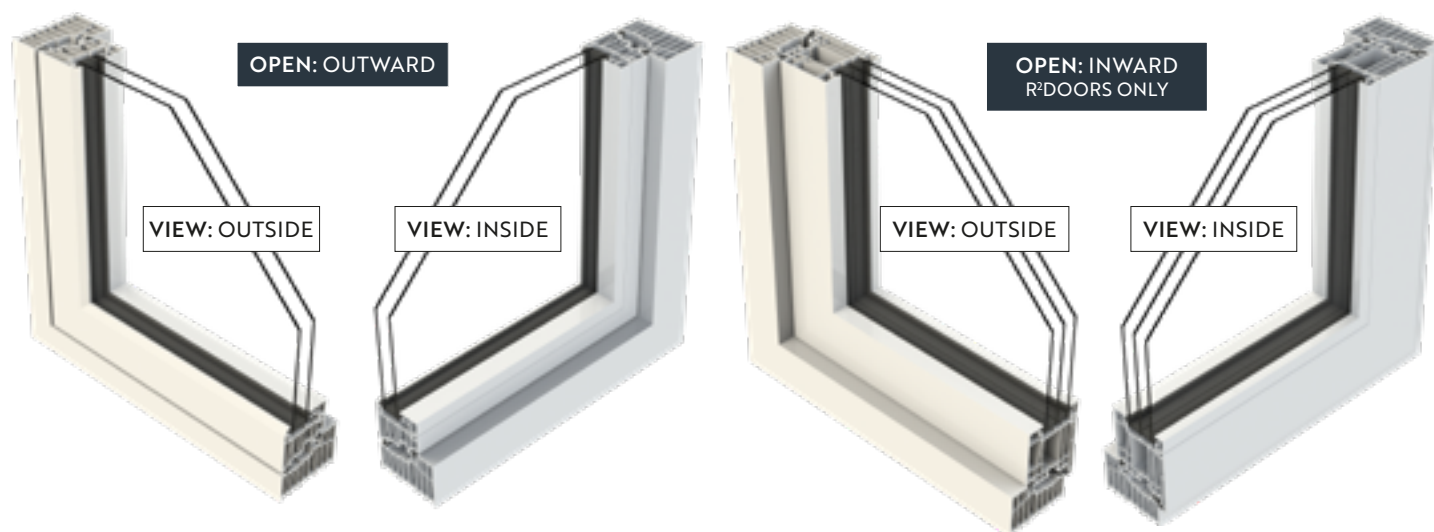

- 100mm depth Profile
- Contemporary Look
- Internally Glazed
- Dummy sashes to fixed pane
- Choice of 10 standard colours
- Available welded or full mechanical joints (note full mechanical requires all glass to be factory bonded to the frame)
- WER A++
- U-Values as low as 0.8W/m²K
- Ultra-thick CEN A wall thickness provides additional screw retention
- PAS24 and Part Q building regulations approved
- BS EN 6375 – 1 weather tested: Exposure Category of 1600; Class 3 Air Permeability Rating (600pa); a Class 9A (600pa) Water Tightness Rating; Class C4 (1600pa), wind resistance

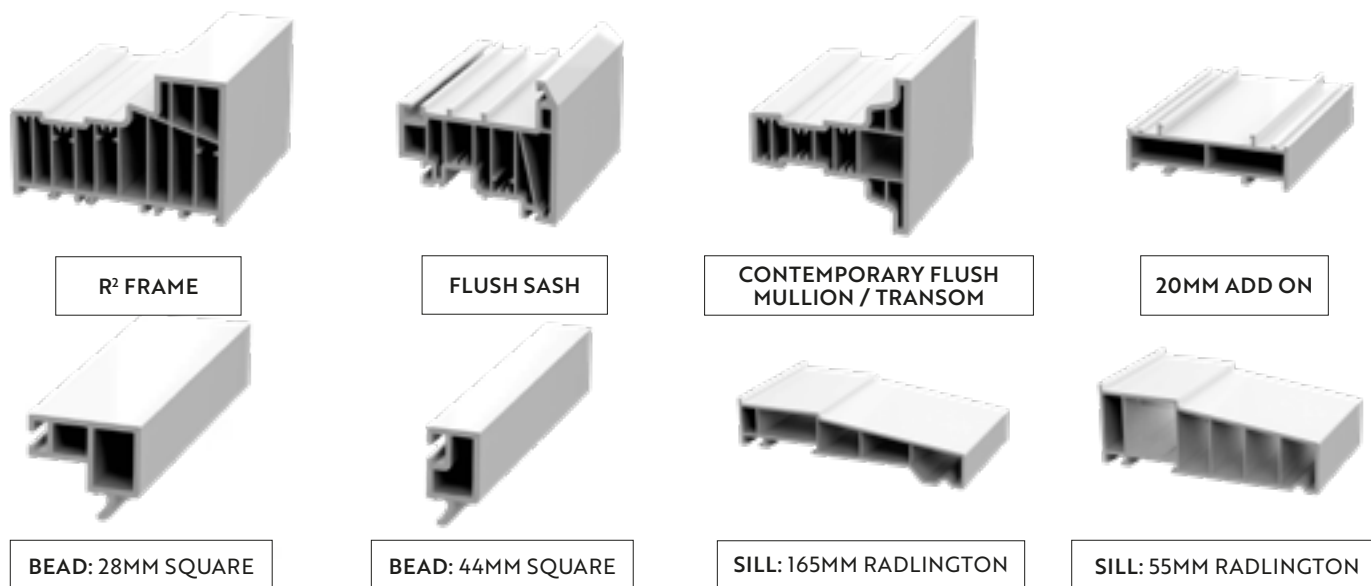

THE R² PROFILE

STYLES

R² can be made into many styles, shaped windows, fixed windows, french windows, bay and bow windows, single and french doors.

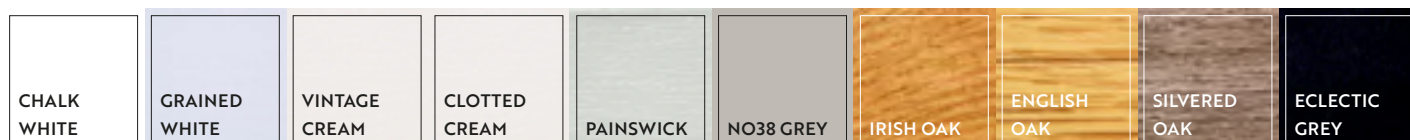

Typical options to achieve a modern, contemporary aesthetic.

R² COLOURS

Find detailed colour options for R² on page 18-21.

R7 IN-AND-OUT FLUSH

75mm contemporary uPVC flush casement

Flush on both exterior and interior gives the AEON R7 its chic modern appearance and versatility to be used for both contemporary new builds and traditional British homes alike. All glass sight-lines are perfectly equal.

Five bead choice

Choose from **five glazing beads** for a fully personalised choice, continue the contemporary appearance with the **square** or a **decorative bead** to soften the aesthetic.

Performance solution

R7 outperforms many other systems with a sophisticated seven-chamber design and intelligent features.

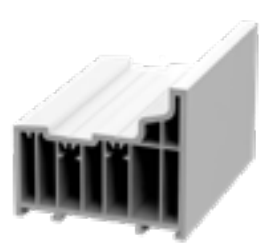

It's the ideal solution for a wide range of properties, from modern new builds to city apartments and country cottages to semi-detached houses, and everything in between, the AEON R7 is intended to be the window of your choice.

FEATURES

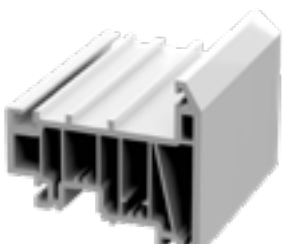

- 75mm depth Profile
- 7 thermally-efficient chambers
- Contemporary Look
- Dummy sashes to fixed pane
- Available welded or full mechanical joints (**Note:** full mechanical requires all glass to be factory bonded to the frame)
- 28mm double-glazed and 44mm triple glazing options
- WER A++
- U-Values as low as 0.8W/m2K
- Ultra-thick CEN A wall thickness provides additional screw retention
- PAS24 and Part Q building regulations approved
- Choice of 13 standard colours
- BS EN 6375 – 1 weather tested: Exposure Category of 1600; Class 3 Air Permeability Rating (600pa); a Class 9A (600pa) Water Tightness Rating; Class C4 (1600pa), wind resistance

RIO CLASSIC FLUSH

Rehau Rio 70mm flush uPVC casement

Rio flush fit windows benefit from enhanced noise reduction, energy efficiency and are easy to maintain.

Not only does the Rio flush fit window authentically replicate the features of a traditional timber window, it also compliments modern homes perfectly with clean lines and minimalist appearance.

FEATURES

- 70mm depth profile
- Optional deep bottom rail
- Edge outer frame
- Bevel outer frame
- Dummy sashes to fixed pane
- Available welded or full mechanical joints (note full mechanical does not require glass bonding due to the strength of the internal corner blocks)
- Choice of 11 standard colours
- WER A++
- U-Values as low as 0.8W/m²K
- PAS24 and Part Q building regulations approved

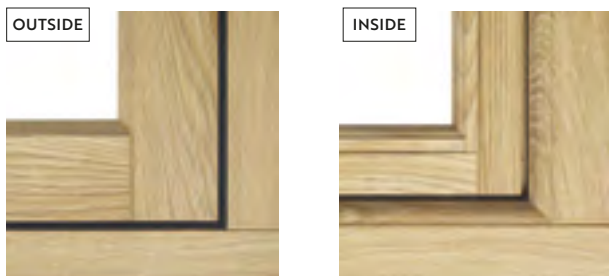

THE RIO PROFILE

To accurately recreate authenticity the Rio flush window profile has the option of a deep bottom rail

CHOICE OF WELD

Full mechanical joint

Fully welded joint

RIO FLUSH WINDOW

CROSS SECTION & TECHNICAL DRAWING

RAYA VERTICAL SLIDING SASH WINDOW

- 1 Same Eurogroove position as Total70
- 2 28mm glazing as standard with option for 34mm triple glazing
- 3 Ideal replacement for British timber casement windows due to its 70mm depth
- 4 Two jointing options: Mechanical joint or fully welded
- 5 Exceeds weather performance standards as well as PAS24 accreditation.

SPECIFICATION	
Feature	Specification
Profile depth	137 mm
Maximum window size	1200 x 1200mm (top hung)
	900 x 1300mm (side hung)
Thermal performance	1.3 W/m2K
Max. sash weight	35kg (fully welded)
	30kg (Mechanically jointed)
Glass width	28mm (double glazed)
	34mm (triple glazed)
Jointing	Mechanical or fully welded

RIO FLUSH DOORS

Single and French doors complete 19th century authenticity

RIO DOORS

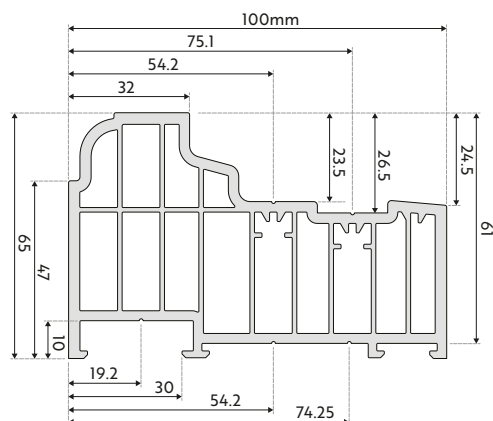

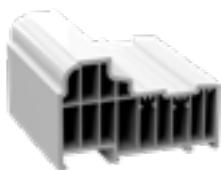

The new Rio flush fit French door uses Rehau's Deep Bottom Rail and consequently, no new door sash is required.

FEATURES

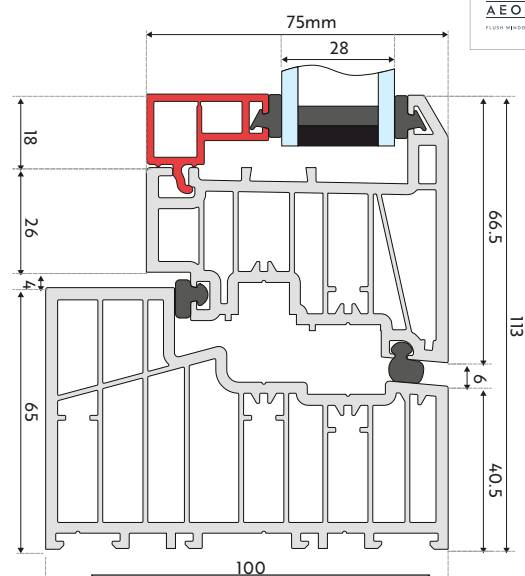

- Extension to the existing Rio flush fit range with introduction of the Rio door
- Single open-out residential door complements the established Rio window system
- Option to specify either chamfered or edge outerframes.
- Dedicated butt hinges designed for the flush door system
- Fully welded outward opening door solution completes the Rio range
- Total 70 Profiles used along with Rio Deep Bottom Rail profile
- Dedicated Rio adjustable dynamic door hinge
- Bespoke Rio French Door spacer to achieve a customised finish
- Fully weather-tested and PAS24 security standard approved
- The Rio French door has been certified to the PAS 24 security standard, tested at its maximum size – 1900mm x 2250mm
- Only available as welded sash.
